## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1 and 3-19 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the independent claims, in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. Although the prior art teaches a zoom lens system comprising a positive first lens group, a negative second lens group, a positive third lens group and a negative fourth lens group, respectively from an object side to an image side, the prior art fails to teach a zoom lens system such that the conditional limitations are satisfied as claimed in independent claims 1, 8, 13 and 17.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
